## HOW TO PLAY

Mississippi Stud is a five-card poker game that lets you bet up to 10 units on a single hand. In Mississippi Stud, you compete against a payable, not against the dealer; you win if your hand is a pair of Jacks or better (pair of 6s - 10s push). The top payout is 500:1 for a Royal Flush - and it pays on all bets!

## GETTING STARTED

Make an Ante bet to receive your first two cards. The dealer will place three community cards facedown in the middle of the layout.

## PLAY OR FOLD?

At this point, you may either fold or make the 3rd Street bet of 1x-3x your ante. The dealer then reveals the first community card. Once you see the first community card, you have a choice: fold or make the 4th Street bet of 1x-3x your ante. The dealer then reveals the second community card. Once again, you must fold or stay in the game by making the 5th Street bet from 1x-3x your ante.

**Note:** When you fold, you forfeit all bets left in action.

## WINNING AND LOSING

After the dealer turns over the final community card, he/she resolves all wagers left in action. You win if your five-card hand is a pair of Jacks or better (pairs of 6s-10s push). See payable for odds.

Progressive winners are determined from the player's two cards, and the first 3 community cards (the flop). The optional \$1 progressive bet wins if you have a Three-of-a-Kind or better. See payable for odds. The top award-100% of the jackpot-pays when you have a Royal Flush. A Straight Flush pays 10% of the Jackpot.
